

DRESS CODE

The purpose of the dress code is to minimize the influences that distract from the goals of the school while limiting competition among the students. The dress of our students should reflect the worth of and respect for each person in the light of Christian principles. Therefore, we expect each student to dress neatly and in good taste.

Parents should see that their children come to school dressed in accordance with the dress code. Any student reporting to school out of uniform and/or judged to be in inappropriate attire may not be permitted to attend classes. The parents will be called to discuss the situation and to be informed of any disciplinary action.
