

SAINT BRIGID OF KILDARE SCHOOL

Seeking Grace and Wisdom

Preschool

We strive to create a community in which children, ideas and learning are treasured, nurtured and celebrated.

Our Philosophy:

Saint Brigid of Kildare Preschool provides optimal early childhood educational experiences that reflect the importance of integrating our Catholic faith into daily life. Opportunities that foster self-discipline, self-reliance and self-respect are provided in a comfortable and stimulating environment.

"Since at Saint Brigid Preschool, we have seen our three children grow and develop in kindness, self-esteem, confidence, cognitive skills, and spirituality. The teachers provide a faith-based environment that lays a solid foundation for academic excellence."

—Chad & Tina White, Preschool Parents

"St. Brigid Preschool has provided a safe and loving environment for our children to learn and grow. I can't think of a better way to start my children's education...in the openness and presence of Christ!"

—John & Susan Doll, Preschool Parents

We love knowing our children are happy, learning, having fun and, most of all, safe with our St. Brigid family."

—Anthony & Heather Sola, Preschool Parents

Curriculum Goals

Our curriculum addresses cognitive, social, emotional, spiritual and physical development of the whole child, all in a Catholic environment that will further enhance and facilitate the growth and development of each child. We pride ourselves on:

- Providing our students with a sense of self-worth as God's children while enhancing self-confidence and self-esteem in all learners
- Encouraging students to successfully function in a group of peers through cooperation, sharing, friendship and values
- Offering experiences that support and encourage emerging literacy
- Providing concrete experiences with learning activities and problem-solving
- Fostering an environment that nurtures and values the development of children as individuals, and acknowledges and develops the curiosity and enthusiasm inherent in all young children
- Modeling a cooperative and supportive partnership between children, teachers and parents, and establishing a positive connection between home and school
